

SNEAKER DESIGN

TASK:

Sneaker culture is big business, with designer footwear going for big money.

Use your sketching skills to design sneakers.

YOU WILL NEED:

1 x sheet of A4 paper for explore four ideas.

Pencils for sketching and rendering your ideas.

A computer to research current designs.

Examples can be found at DesignClass.co.uk

THINGS TO THINK ABOUT:

Sketching in proportion is key. Light construction lines!

Start with straight lines, even if the surface will be curved eventually.

Don't do details like logos or marks till the end of your sketch.

HOW YOU WILL BE GRADED:

Quality of your sketching and communication.

Variety of ideas - how 'different' are your idea?

Quality of annotation explaining your design ideas.
